-----------------	--

Academic Advising Plan for Students

Department	Accounting	Academic Semester/ Academic Year	Second Semester 2020/2021
------------	------------	-------------------------------------	---------------------------

Before starting the advising process, the plan should be put by the assigned faculty member or the department chair according to the curricula and academic schedule to be available for the advising faculty member.

(The advisor should delete the filled classes (closed sessions, maximum 40 students in the classroom, and maximum 20 students in the laboratory/workshop) from the curricula according to the daily statistics to avoid student registration in this session during the advising period).

- Remedial courses do not count towards the study plan for the student and they are supposed to be taken by the student during his/her first two semesters in the university.
- As for the practical courses such as laboratories, etc., the credit hours are specified in the same column.

First semester/ First year (0-32 credit hours)				Available Sessions	
No	Course Number	Course Name	Pre-requisite	Days	(Session/Time)
1	0420111	Arabic Language (1)			
2	0420151	National Education			
3	0420171	Life Skills
